

prestatch

The Smart Platform for Digital Lending

Prestatech is a cloud-based platform offering modern underwriting solutions for lenders and innovative embedded finance products for businesses.

KEY FEATURES:

- **Automated Cash-Flow Credit Scoring:** AI-driven transaction analysis for accurate lending decisions.
- **Loan Stress Testing:** Simulate affordability under different financial conditions.
- **Predictive Risk Forecasting:** Detect early warning signs of financial distress and overdraft risks.
- **Automated Affordability Analysis:** Instantly determine loan feasibility.
- **Seamless API & Dashboard Integration:** Easily integrate with existing systems for a smooth workflow.
- **Regulatory Compliance Support:** Ensure adherence to lending standards and risk regulations.
- **Stakeholder & Behavioral Insights:** Understand financial relationships, payment patterns, and risks.

THE PRESTATECH ADVANTAGE:

- ✓ No PSD2 Required
- ✓ Faster Credit Decisions
- ✓ Increased Accuracy
- ✓ Scalable & Cost-Efficient
- ✓ Maximize Market Reach
- ✓ Fully Customizable
